PROFESSIONAL SUMMARY

To secure a challenging position in a reputable organisation to expand my learnings, knowledge and skills. Secure a responsible career opportunity to fully utilise my training and skills, while making a significant contribution to the success of the company.

SKILLS

- C language
- Python
- HTML
- Embedded Systems
- Agile leadership or scrum master
- Critical thinking
- Communication
- Communication

EDUCATION

Bachelor of Technology (B.TECH)
Qis college of engineering and technology|computer science and Engineering, 2021 - Present | CGPA : 8.59

INTERMEDIATE
kamal Junior College| M.P.C | 2019 - 2021 | MARKS : 910

SSC
Z.P.High school | 2018 - 2019 | GPA : 9.8

INTERNSHIP

AI-ML virtual internship

AI-ML-short for artificial intelligence(AI)and machine learning(ML)-represents an important Evolution in computer science and data processing that is quickly transforming a vast array of industries. Artificial intelligence(AI)generally refers to processes and algorithm that are able to simulate human Intelligence,including mimicking cognitive function such as perception,learning and problem solving. Machine learning is a subset of AI that falls within "limited memory"category in which the AI is able To learn and develop over time.
AI-ML offer exciting opportunities for engineers to design and develop various problems and innovative solutions that improve our daily lives. Let me know if you have any specific questions about embedded systems.

DECLARATION

I'm here by declare that the above mentioned information is correct upto my knowledge and I bear the responsibility of the correctness of the above mentioned particulars.
